**rainx**  
Rain-x Advanced Protection Technology - Special formulation engineered to create a water repellent layer that chemically bonds to all exterior vehicle surfaces, then cures to the surface to provide better water beading and sheeting, longer lasting results and a safer driving experience.  
Rainbow Triple Foam Polish - An "all season protectant" that provides exceptional surface gloss.  
Platinum Protectant - Silicone-polymers create a durable, wash resistant barrier producing amazing shine and protection.  
Tire Shine (Hand Applied) - Tire conditioning that will make tires look brand new again.

Young Hollywood is buzzing over Cameron Guillen and Kamryn Crowley. Two celebrity talents that have made it look easy. Breaking into Hollywood is difficult and this is how you want to do it!

Kamryn Crowley started her career at age 4 and has not looked back. She has graced the covers for "PlayHut" ads "DISNEY" and "Mervins". Kamryn has also been an extra on "Trauma". Kamryn's Mom Joane says " She likes it right now and if there ever comes a day where Kamryn wants to take a break, we are just fine with that and will support anything she is interesting in pursuing".

# Do you have the X-FACTOR?

Coming this fall the highly anticipated talent contest show with the one and only Simon Cowell.

But that's not the big secret Simon has been keeping from most of us, It's the return of America's favorite judge Paula Abdul. Hands down Paula and Simon's chemistry has launched networks into the highest ratings in TV history. I think X-FACTOR will exceed American Idol.

# What is your message?

What is your child's message in life? Do they have one and if not can you help them as a parent be a powerful voice in the world?

Emily Rose and Crystal Rose both of Northern Ca wanted to shed light on a cause that goes unnoticed to most of us. Did you know that when marine life washes up on any American shoreline, you are NOT allowed to help, even if just rolling a dolphin back into the water can save its life? While on vacation Emily and Crystal met with the Catalina Island vet to discuss resources they desperately need to continue their awesome work on the Island.

Federal wildlife officials said only those that have a very expensive marine wildlife permit can assist with injured or dying sea life.

Emily and Crystal decided to dedicate their lives to raising money and awareness for more permits throughout the California coastline. This will allow more people to actually take charge in a life saving situation for our friends of the sea.

## Thank you Emily and Crystal for your enthusiasm and hard work during your trip to the Islands
