Young Hollywood is buzzing over Cameron Guillen and Kamryn Crowley. Two celebrity talents that have made it look easy. Breaking into Hollywood is difficult and this is how you want to do it!

Kamryn Crowley started her career at age 4 and has not looked back. She has graced the covers for "PlayHut" ads "DISNEY" and "Mervins". Kamryn has also been an extra on "Trauma". Kamryn's Mom Joane says " She likes it right now and if there ever comes a day where Kamryn wants to take a break, we are just fine with that and will support anything she is interesting in pursuing".

Kamryn now lives in the Bay Area with her Mom, Dad, brother and sister. She participates in pageants all over the country and loves the outdoors. Kamryn's mom Joane will be interviewed next month by HYM magazine.

To all parent's out there who are thinking about getting their children involved in Hollywood, HYM magazine will be answering questions related to getting started in Hollywood.

# Do you have the X-FACTOR?

Comming this fall the highly anticipated talent contest show with the one and only Simon Cowell. But that's not the big secret Simon has been keeping from most of us, It's the return of America's favorite judge Paula Abdul. Hands down Paula and Simon's chemistry has launched networks into the highest ratings in TV history. I think X-FACTOR will exceed American Idol. Let HYM know what you think by e-mailing us at: [admin@hityourmark.com](mailto:admin@hityourmark.com)

## JESSIE AND THE TOY BOYS

**JESSIE AND THE TOY BOYS TO RELEASE NEW EP SHOW ME YOUR TAN LINES JUNE 14<sup>TH</sup>**

**THE SINGER WILL KICK OFF OF HER SUMMER TOURS WITH AN APPEARANCE ON CONAN O'BRIEN JUNE 9<sup>TH</sup>**

**AND HITS THE ROAD WITH BRITNEY SPEARS ON THE FEMME FATALE TOUR JUNE 16<sup>TH</sup>**

Jessie and The Toy Boys are set to release *Show Me Your Tan Lines*, a new EP featuring the hit single "Push It." Digital versions of the EP will be available via [www.jessieandthetoyboys.com](http://www.jessieandthetoyboys.com) and iTunes starting June 14<sup>th</sup>. Physical versions will be made available on tour when Jessie hits the road with Britney Spears on her upcoming *Femme Fatale* tour.

The EP, highlighted by hit single "Push It," will also feature four more electronic-rooted pop songs and a Dirty Freqs Dancefloor remix of "Push It." Working with famed producers Jimmy Harry (Kylie Minogue, Pink, Britney Spears) and Tony Kanal (No Doubt) who produced both "Push It" and "Valentine" as well as producers David Gamson (Ke\$ha) from Critti Politti who produced "We Own The Night" and "Money Makes the Girl Go Round," Jessie's sound is a mix of electrifying British pop, dance and even hip-hop.

From beginning to end, Jessie works on creative and writes all of her lyrics and music, calling from her own life experiences. Working hand in hand with her producers to create a sound that is PURE JESSIE, the artist is the architect of all of her songs. The artist has been working in music since age 15 and is the only American to ever be invited into exclusive and famed U.K. writing camp Xenomania. During her time with Xenomania Jessie worked with artists like Kylie Minogue and Pet Shop Boys, it was here that she learned to hone her writing skills. And now, with many other artists' hits under her belt, Jessie is finally letting loose to create music for herself. With her provocative lyrics Jessie represents strong women who have confidence and intellect.

Jessie takes her music to the streets starting this month. The North American leg of the *Femme Fatale* tour starts June 16<sup>th</sup> in Sacramento at the Power Balance Pavilion.

And to kick it all off, Jessie and The Toy Boys will

**act Jessie and the toy boys opens up to HYM editor, Jack Stockton, and what an interview it was.**

HYM: Opening for Britney Spears is a huge accomplishment, what has the experience been for you?

Jessie: I am blessed to be on tour with Britney band Nicki, all the girls are awesome and make us feel like part of their family.

HYM: Do you see merchandising as a brand in your future, Clothes, Jewelry etc...

Jessie: That is so funny you are asking that, my best friend Sarah is on the tour bus with me right now and we have the best idea. We are going to create Jessie and the toy boys character cards, alot like the cabbage patch cards 20 years ago.

HYM: Jessie, you have a huge following already and young kids expecially are drawn to your music. Knowing that, what is your stance on bullying ?

Jessie: I think todays generation has it alot harder with social networks online then kids before cyber bullying. It seems to be worse because kids can attack you on my levels and hide behind their avatar, so to speak. They would never have the audacity to say or do these things on the playground.

HYM: Finally, Celebrity is an important title and HYM believes using your celebrity to raise awareness for certain causes. Do you have a platform you use your celebrity towards?

Jessie: WOW I have never been asked before but I will definitely pick one by the end of my tour.

HYM: HYM would love to sit down with you again in late August after the tour and discuss Jessie and the toy boys in depth.

Jessie: I would love it.

# What is your message?

What is your child's message in life? Do they have one and if not can you help them as a parent be a powerful voice in the world?

Emily Rose and Crystal Rose both of Northern Ca wanted to shed light on a cause that goes unnoticed to most of us. Did you know that when marine life washes up on any American shoreline, you are NOT allowed to help, even if just rolling a dolphin back into the water can save its life? While on vacation Emily and Crystal met with the Catalina Island vet to discuss resources they desperately need to continue their awesome work on the Island.

Federal wildlife officials said only those that have a very expensive marine wildlife permit can assist with injured or dying sea life.

Emily and Crystal decided to dedicate their lives to raising money and awareness for more permits throughout the California coastline. This will allow more people to actually take charge in a life saving situation for our friends of the sea.

**Thank you Emily and Crystal for your enthusiasm and hard work during your trip to the Islands**
